Forecast For East of England
Issued by Met Office Exeter
at 0400 on Friday 03 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with patchy light rain and drizzle, becoming brighter later.

Today:
Overcast with outbreaks of light rain and drizzle, but gradually becoming drier and brighter from the northwest through the afternoon. Winds becoming light, and feeling less cold compared to recent days. Maximum temperature 8 deg C (46 deg F).

Tonight:
A dry evening with occasional clear spells. Becoming murky overnight with areas of low cloud, mist and perhaps fog forming. A few showers spreading into the northwest later. Minimum temperature 2 deg C (36 deg F).

Saturday:
Mist and cloud clearing to leave a mixture of sunny spells and scattered showers. These will be heavy at times, with a risk of hail. Feeling chilly, with brisk winds. Maximum temperature 6 deg C (43 deg F).

Outlook for Sunday to Tuesday:
Cloudy Sunday with brisk winds and outbreaks of rain, easing later. Bands of rain and strong winds tracking eastwards Monday and Tuesday, interspersed by dry, clear and cold nights.
